Bill Tillotson sold his 80 two and a half miles north of town to Al Wilks and Earl Collett Saturday for \$16000 and will give possession March 1.

This is one of the really fine little farms and the price paid, comparatively, is right.

Bill has the knack of fixing up a farm in a way which makes it attractive to some one who wants it bad enough to pay him what he knows its worth.

Mr. and Mrs. Geo. Chapman of El Paso Tex. came Monday for a visit to his mother, Mrs. C. A. Chapman and other relatives. George is in finest condition and the same genial and popular Keytesville boy he has always been. He is much in love with his Lone Star lodge-ment and is more than sure of the great future of the greatest state.

Chronic Constipation

Perhaps you have never thought of it but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of out door exercise, you may be able eventually to overcome it entirely. In the meantime use a mild and gentle laxative. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

Elder Frank Gillihan of Moberly came Tuesday morning for a visit. His wife and son are at the home of her parents in Gallatin.

Mr. H. E. Harris, auditor for the Red Cross, St. Louis headquarters, was here last week checking up the local camp. He complimented the officers of Chariton County Chapter highly by declaring their work to be 100 per cent perfect. We give the report of the chapter in another column.

William White was selected by the school board as supt. of the schools of this city at \$1500 for the nine months term.

We doubt if a better selection could have been made for the position and we predict a successful school unless it be loaded too heavily with political appointment instead of teachers.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Disease like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you can escape much pain and suffering and all risk. Buy it now, it may save life.
